

NEW YORK STATE/UNITED UNIVERSITY PROFESSIONS JOINT LABOR-MANAGEMENT COMMITTEES

Individual Development Awards (IDA) Program Guidelines

1. OBJECTIVE

The Individual Development Awards (IDA) Program is designed to support a variety of professional development projects or activities for eligible full-time and part-time academic and professional employees that will assist them to develop their full professional potential and to prepare for advancement. Employees who accrue annual leave are not required to charge leave credits for any project or activity funded by the IDA Program.

The IDA Program is administered by a joint labor-management Campus Professional Development Committee which establishes application submission dates, processes, and reviews applications, makes awards, and notifies applicants pursuant to the review process.

2. PROGRAM FUNDING AND ALLOCATION

Funding for the IDA Program is provided through labor-management funds negotiated under Article 21, Statewide Joint Labor-Management Committees of the Agreement between the State and United University Professions.

Proportional allocations are assigned to each Campus Professional Development Committee based on the number of UUP-represented employees on a campus. The Campus Professional Development Committee is required to dedicate a minimum of 15% of the funds allocated to their campus to part-time employees. If applications from part-time employees amount to less than 15% of the total funds, then the remainder from the set aside amount can be reallocated to awards for full-time employees. On campuses where more than 35% of the employees are part-time, the Campus Professional Development Committee should consider increasing the portion of funds set aside for part-time awards.
